

### **Call for Participation**

We invite you to join us in **14<sup>th</sup> International Conference on Control, Modelling, Computing and Applications (CMCA 2025)**

will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Control Engineering, Modelling, Computing and Applications. The goal of this Conference is to bring together researchers and practitioners from academia and industry to focus on understanding Modern Control Engineering, Modelling and Computing concepts and establishing new collaborations in these areas.

Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the following areas, but are not limited to:

### **Highlights of CMCA 2025 includes:**

- 12<sup>th</sup> International Conference on Advanced Computing (ADCO 2025)
- 11<sup>th</sup> International Conference on Computer Science, Information Technology (CSITEC 2025)
- 6<sup>th</sup> International Conference on Data Mining & Machine Learning (DMML 2025)
- 14<sup>th</sup> International Conference on Software Engineering and Applications (SEAS 2025)
- 17<sup>th</sup> International Conference on Networks & Communications (NeCoM 2025)
- 6<sup>th</sup> International Conference on Big Data, Blockchain and Security (BDBS 2025)
- 11<sup>th</sup> International Conference on Signal Processing (SP 2025)
- 5<sup>th</sup> International Conference on NLP & Information Retrieval (NLPI 2025)

### **Registration Participants**

Non-Author/Co-Author/Simple Participants (No Paper)

**100 EURO for Online (Without Proceedings)**

**450 EURO for Face to Face (With Proceedings)**
